PROFILE SUMMARY

Cybersecurity postgraduate student with hands-on exposure to web application security and cyber threat analysis. Passionate about supporting cybercrime prevention, reporting unlawful online activities, and promoting safe digital practices.

EDUCATION QUALIFICATION

2025 – Present	**MSc Cybersecurity** AJK College of Arts and Science, Coimbatore
2022 – 2025	**BCA (Bachelor of Computer Applications)** M.I.E.T Arts and Science, Tiruchirappalli
2020 – 2022	**PCMB (Bio-Maths)** Bharathi PU College, Mandya

Certificates

- Google Cybersecurity Professional Certificate V2
- Foundations of Cybersecurity-Google
- Pre Security Certificate-TryHackMe
- Advent of Cyber 2025-TryHackMe
- Foundation OF Security Operations Center (SOC)-Cisco
- Introduction to Cybersecurity Tools & Cyberattacks-IBM

BASIC TECHNICAL SKILLS

Cybersecurity Fundamentals & Threat Awareness

Web Application Security (SQLi, XSS – Basics)

Ethical Hacking Concepts

Understanding of Phishing, Malware & Online Fraud

TOOLS & LEARNING EXPOSURE

Burp Suite (Basic Web Testing)

DVWA (SQL Injection, XSS practice)

Wireshark (Packet Analysis – Basic)

Browser Developer Tools

Postman (API Testing – Basic)

Kali Linux (Basic Usage)

PRACTICE PROJECTS

Basic Web Security Testing (DVWA Practice)
- Learned how common vulnerabilities work (SQL Injection, XSS)
- Practiced identifying security flaws in a safe environment

Simple Secure Application (Learning Project)
- Implemented basic login system with authentication concepts
- Applied input validation to reduce common vulnerabilities

VOLUNTEER INTEREST

- Report unlawful and suspicious online content
- Promote cybersecurity awareness and safe digital practices
- Support Government cyber safety and cybercrime prevention initiatives
